edition 5 **ZENESIS**

WORLD'S MOST ADVANCED
PATTERNED DIAMOND TECHNOLOGY

THE NEXT GENERATION,

edition 5

ZENESIS is now in its *5*th generation.

Millions of blades have been distributed through four generations of **ZENESIS** since its first launch at the BAUMA in 2010.

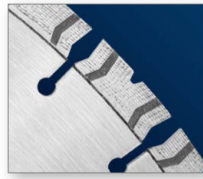

Based on the *R+* platform, *edition 5* offers the following new technological features.

- Unmatched cutting performance in Dry Cutting on Concrete, Green Concrete.
- Groundbreaking solution in Dry Drilling on Reinforced Concrete.
- User-friendly design delivering low noise and low vibration in cutting and drilling operations.

THE NEXT GENERATION, *edition 5*

FLOOR SAW BLADE

CODE	ZC 5 - L	ZC 5 - M	ZC 5 - H	ZC 5 - VH
MACHINE	<15kW	15-25kW	35-50kW	> 60kW
APPLICATION	F	Hard aggregate and high strength concrete		
	G	Medium to hard aggregate and moderate strength concrete		
	L	Soft aggregate and low strength concrete		

WALL SAW BLADE

CODE	ZW 5 - L	ZW 5 - M	ZW 5 - H
MACHINE	<15kW	15-25kW	> 25kW
APPLICATION	F	Heavily reinforced concrete with hard aggregate	
	G	Moderately reinforced concrete with medium aggregate	
	L	Lightly reinforced concrete with soft aggregate	

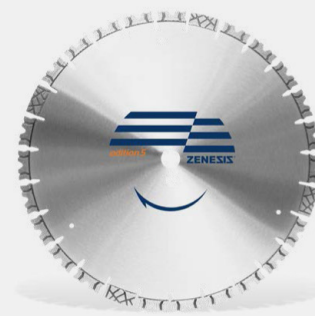

* Silent steel core is available

HAND-HELD SAW BLADE

HAND-HELD	RING SAW	APPLICATION
ZH 5 - S	ZHR 5 - S	Reinforced concrete, very hard materials
ZH 5 - M	ZHR 5 - M	Wide range of medium hard building materials
ZH 5 - H	ZHR 5 - H	Lime aggregate, soft materials

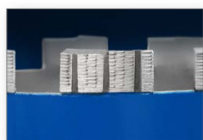

MULTI-PURPOSE SAW BLADE

MULTI-PURPOSE	APPLICATION
ZMP 5	Medium concrete and abrasive materials

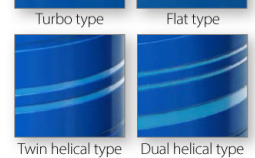

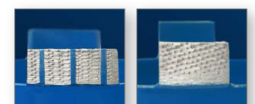

CORE DRILL BIT [WET]

CODE (WET)	ZDW 5 - L	ZDW 5 - M	ZDW 5 - H
MACHINE	< 2.0kW	< 3.5kW	> 3.5kW

CORE DRILL BIT [DRY]

CODE (DRY)	ZDD 5 - L	ZDD 5 - H
MACHINE	< 2.0kW	> 2.0kW
SOCKET DRILL (68 & 82D)		
ZCD 5 - S	Hard limestone	
ZCD 5 - M	Lightly reinforced concrete	

Use approved safety guards and protective goggles.
